Hi Rudy,

Thanks for letting us know about this possible event. In talking with Phil and Whitney about Senator Sanders' schedule for that day, they let me know that he has been tightly booked and will be far removed from the Burlington area - so it doesn't look like he can participate.

If you want staff-level participation from our office, I would certainly be happy to attend - please keep us in the loop as everything develops!

Best,

As you were notified, there was a significant grant to VT under the stimulus act, \$1.73 million for the Clean Diesel program. The grant has not been announced; the Administrator may be in Vermont on Tuesday of next week. We would like to do an event perhaps in the Burlington area on that day with the congressional members and the state. Would your member be interested and available? Please let me know if there is interest and available times. Thanks.

We will also be contacting the Governor regarding interest and availability. Again, Thanks. I look forward to hearing from you.
